

12.09.2024

Important information for our business partners

Change of company name

Dear Sir or Madam,

In order to proactively expand and strengthen our positioning in view of the dynamic changes in national and international markets, we have changed our company name as of 12.09.2024 for strategic reasons.

Georg Oest Mineralölwerk GmbH & Co. KG is now **OEST LUBRICANTS GmbH & Co. KG**.

The new company name reflects the increasing importance of our international orientation. This is accompanied by a more focused, more transparent communication of our future-oriented industry solutions.

Nothing will change for you as a business partner! All tax numbers, commercial register numbers and addresses remain unchanged. Only the name will change as a result of the name change.

However, the new company name must be taken into account with immediate effect, especially when invoicing, as we will no longer be allowed to accept legally binding documents with the old company name. This would lead to considerable problems for you and for us in the event of a tax audit at the latest, as the documents could be rejected by the tax office. We therefore ask you to change the company name to OEST LUBRICANTS GmbH & Co. KG with immediate effect.

If you purchase other products via our energy trading department, these will be traded under a separate company name in future. You have been or will be informed of this separately.

If you have any questions, please do not hesitate to contact us.

Thank you very much!

Yours sincerely

Alexander A. Klein

Chairman of the Management Board

Dr. Ingo Nösler

Managing Director
